

WHEN TO SEEK HELP

Recognising when your child may be struggling –
and what to do next

Supporting your child early can make a
significant difference to their confidence and results.

IMPORTANT TO REMEMBER Struggling does NOT mean your child isn't capable.

- ✓ Every student learns differently
- ✓ Gaps can be filled
- ✓ Confidence can be rebuilt

 **The key is identifying it early.**

COMMON REASONS STUDENTS STRUGGLE

- ✓ Gaps in foundational knowledge
- ✓ Ineffective revision techniques
- ✓ Lack of exam practice
- ✓ Low confidence or fear of failure
- ✓ Feeling overwhelmed with content

QUESTIONS TO ASK YOUR CHILD

Try:

- ✓ Which topics are you finding difficult?
- ✓ What part of this don't you understand yet?
- ✓ Do you feel confident in exams?
- ✓ What do you think would help?

Instead of:

 "Why aren't you doing better?"

 **This creates support, not pressure.**
